

STATE OF MICHIGAN  
DEPARTMENT OF EDUCATION  
LANSING

JENNIFER M. GRANHOLM  
GOVERNOR

THOMAS D. WATKINS, JR.  
SUPERINTENDENT OF  
PUBLIC INSTRUCTION

*August 10, 2004*  
*Revised*

*August 17, 2004*  
*Corrected*  
*(Pages 11+12)*

**MEMORANDUM**

**TO:** Members of the State Board of Education  
**FROM:** Thomas D. Watkins, Jr., Chairman  
**DATE:** ~~July 26, 2004~~ *Tom Watt*  
**SUBJECT:** Update on Public School Academies

Attached is the Public School Academies Report, requested at the July 7, 2004, meeting of the State Board of Education. The report summarizes the achievement status of public school academies (PSAs) in operation in the 2003-2004 school year and indicates the AYP phase of each academy listed.

Also attached is a summary of salient issues regarding public school academies and the current status of the Department's effort to address them, with recommendations for future action. It should be noted that PSAs, like traditional public schools, range from exceptional to struggling. The Department's focus will remain on quality and accountability for all of our public schools.

We continue to work with the PSA Authorizers to strengthen these public schools and to help ensure that the 75,000 children attending these schools receive the education that they need and deserve so that they may thrive in the 21<sup>st</sup> Century.

I suggest that we invite representatives of the PSAs, administrators and teachers to inform the board about their efforts to provide quality education to children attending these schools.

**NOTE:** International Academy of Flint was on the preliminary report and has since been removed because the AYP/Phase data will be based on high school results.

#### AYP Phases:

0 – Not Identified for Improvement

1 – School Improvement – school must offer choice and transportation.

2 – Continuing School Improvement – school must offer choice, transportation, and supplemental services.

3 – Corrective Action – school must continue choice, transportation, and supplemental services and take further corrective action.

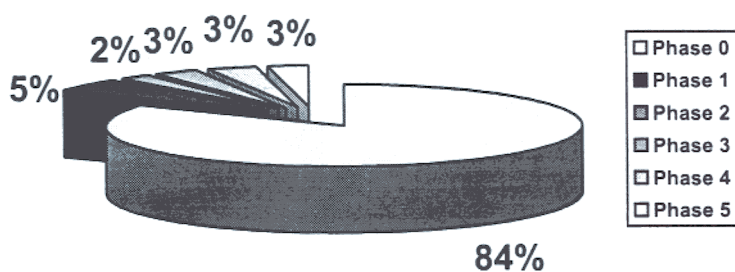

4 – Restructuring – school must continue choice, transportation, and supplemental services and develop a plan to restructure the school.

5 – Implement Restructuring Plan – school must continue choice, transportation, and supplemental services and implement restructuring plan.

## **MDE/Public School Academy/Authorizer Collaborative Efforts 2003-2004**

- ❑ **July 2003** MDE provided financial support for *Leading the Business of Charter Schools* held July 15, 2003 through July 17, 2003, implemented by the National Charter Schools Institute. MDE financial support provided full conference scholarships, including accommodations, for 40 PSA school leaders, teachers and board members.
- ❑ **2003 and 2004** Representatives of Michigan Council of Charter School Authorizers (MCCSA), Michigan Association of Charter School Authorizers (MAPSA), Michigan Association of Charter School Boards (MACSB), and MDE meet monthly at the MCCSA Roundtable to share information discuss issues, and share concerns.
- ❑ **2003 and 2004** MAPSA, MCCSA and MDE staff have continuing dialogue and discussion on how children with disabilities may be better served by PSAs and improvement of relations between ISDs and charter schools.
- ❑ **November 2003** Tom Watkins and MDE staff participated in the MAPSA statewide charter school conference attended by more than 1000 persons. MDE staff served as presenters, discussants and speakers at the conference, sharing information, ideas and perspectives.
- ❑ **January 2004** State Board of Education Member Elizabeth Bauer and representatives of MAPSA, Authorizers, an educational management organization, and MDE attended the *2nd National Summit* on charter schools serving students with disabilities. Dialogue has resulted in several collaborative proposals to better serve Michigan's children.
- ❑ **February 2004** MAPSA, MCCSA Authorizers and MDE staff collaborated on development and submission of the Charter School Program grant application to the USDOE, resulting in the successful \$21.0 million grant award to assist new charter schools over the next three years.
- ❑ **April 2004** MDE provided financial support to conduct a daylong Teacher Recruitment Fair, implemented by MAPSA and attracting more than 250 teachers. More than 30 public school academies or educational management organizations were represented to recruit applicants.
- ❑ **April 2004** MDE provided financial support to MAPSA to develop a video tape and written informational materials for use as recruitment tools in MAPSA's ongoing effort to work with the 32 schools of education across Michigan to assist in attracting high quality teachers to charter schools.
- ❑ **May 2004** MDE sponsored a one day *Symposium: Creating Excellence in the Classroom—Working Together, Charter and Traditional Public Schools* attended by more than 100 educators from charter and traditional public schools to discuss common ground, differences, and how to work together on behalf of Michigan's children. Future similar sessions are planned.
- ❑ **July-October 2004** MDE continues financial scholarship support of four (4) days of training for 33 charter school leaders to enhance leadership performance and business practice by participation in *Leading the Business of Charter Schools*, conducted by the National Charter Schools Institute.

### Recent PSA Issues/Authority/Recommendations

Issue	Authority	Recommendations
1. PSA board members recommended by applicant to the authorizing body pose a potential conflict of interest. This was also noted in Finding 5 of the Auditor General's 2002, <i>Performance Audit of the Office of Education Options of the Department of Education (Performance Audit)</i> .	Current statute does not address this specifically. PSA authorizers are responsible for ensuring compliance with the law and contract as provided in the Revised School Code, Sec 502(4)	MDE will consider recommending amendment of the Revised School Code to require that all PSA contracts include a requirement that PSA boards prohibit specific relationships such as language contained in Sec 523(2)(i), Revised School Code, Part 6C, that applies only to "urban high school academies."
2. The independence of PSA board members is sometimes compromised, as members are initially recommended to the authorizing body by the applicant for a charter, which is often an educational service provider. Also noted as Finding 6 in the <i>Performance Audit</i> .	Sec 503 of the Revised School Code provides the authority to the authorizing body for the method of selection of PSA board members. Authorizers are aware of the concerns of the MDE and the Auditor General regarding the need for PSA boards to conduct business independently.	MDE will continue to collaborate with the authorizing bodies, the Michigan Association of Public School Academies (MAPSA), the National Charter Schools Institute (NCSI), and the Michigan Association of Charter School Boards (MACSB) to ensure that training and information is available to board members emphasizing the importance of independence in operations and decision making.
3. Some newly appointed PSA board members may have held public meetings without proper public posting of the meetings. Finding 13 of the <i>Performance Audit</i> noted that PSA boards must be aware of their legal responsibility for compliance. Allegations have recently been made that some newly authorized PSAs may have violated the Open Meetings Act.	Authorizers have the legal authority and responsibility for ensuring that PSAs comply with statute, rules and terms of the authorizing contract, Sec 502(4) of the Revised School Code. Allegations of noncompliance with the law by PSAs made to MDE are referred to the authorizer for review. The Open Meetings Act, Sec 11, provides that "the attorney general, prosecuting attorney of the county in which the public body serves, or a person may commence a civil action to compel compliance..." and may file suit in circuit court for injunctive relief, or an "action for mandamus" in the court of appeals.	MDE will collaborate with the authorizing bodies to ensure that new PSA board members, upon appointment, obtain needed training and information regarding the Open Meetings Act, its requirements for PSA boards and their members.

### Recent PSA Issues/Authority/Recommendations

Issue	Authority	Recommendations
4. Quorum required for transaction of business by PSA board.	Attorney General Opinion No. 7155 determined that the Nonprofit Corporation Act provides that a simple majority of the board members then in office constitute a quorum at a meeting of the board, unless a larger number is required in the PSA bylaws or articles of incorporation.	MDE's authorizer assurance system, now under development, will include assurance of monitoring for compliance with the law.
5. PSA authorizers are reauthorizing contracts for public school academies whose MEAP scores have been below state average for multiple years, fail to make AYP, and whose educational goals contained in the authorizing contract may not have been met.	All Michigan public schools are monitored under the Education YES! report card system and failure to make AYP will result in sanctions under the NCLB Act, applied equally whether a school is a charter or traditional public school.	MDE recommends that an authorizing body's reauthorization contract with a PSA failing to make AYP be for a term no longer than it will take for the PSA to achieve AYP, as required by the NCLB Act. For those schools, the maximum reauthorization contract term would be two years.
6. Initial charter applications to the PSA authorizing bodies sometimes do not specify a firm location, address; facility locations change from the time of the initial application to the time a contract is issued by the authorizer.	Sec 503 of the School Code provides broad authority to the authorizing body with regard to the competitive application process, initial authorizing resolution and completion of the application process. The authorizing body determines final approval of the application and is responsible for ensuring that final approved applications include all information required by statute.	MDE's authorizer assurance system now under development will include assurances that authorizing bodies have a clearly described and competitive procedure for solicitation of PSA applications and issuance of contracts.

### Recent PSA Issues/Authority/Recommendations

Issue	Authority	Recommendations
7. One state public university has terminated its authorizing contracts with two PSAs and another eligible authorizer that is not bound by the statutory cap, has issued authorizing contracts with those two schools. This creates two vacancies to be filled by the university authorizer under the cap. Some have characterized this as a legal circumvention of the cap on university authorized PSAs.	This authorization of additional PSAs by university authorizers through creation of vacancies, via the change in authorizers, raises concern regarding the intent of the authorizers and the PSAs. Verbal consultation with the Assistant Attorney General assigned to MDE indicates that the change in authorizers, creating vacancies under the cap, is not a violation of the Revised School Code, Sec 502(2)(d).	MDE will monitor to ensure that there is an orderly change in authorizer responsibility, that those new contracts are in compliance with the Revised School Code, Part 6A, and that the new authorizer has been advised of problems and corrective action plans in effect with the first authorizer.
8. Finding 1 of the <i>Performance Audit</i> cited MDE for failure to implement necessary rules, policies and procedures to monitor the operations of the PSA authorizers.	In 2003, the MDE worked with the leadership in the Legislature to request amendments to the Revised School Code to provide additional authority to the MDE that would address the Findings of the <i>Performance Audit</i> . Those amendments were not enacted.	MDE will seek additional amendments to the Revised School Code to further address some of the Findings of the <i>Performance Audit</i> . MDE is developing an "assurances and spot-checks" system for oversight of the authorizers' compliance monitoring of charter schools. This system will be operational this fall.
9. Finding 3 of the <i>Performance Audit</i> noted that the MDE has failed to provide a comprehensive PSA report to the Legislature for several years.	Sec 501a of the Revised School Code provides that the MDE is to submit an annual report to the Legislature that evaluates the effectiveness of the PSA program and includes data regarding the PSAs, their students and the PSA authorizers.	The MDE is preparing a report to the Legislature that will be submitted later this year.

### Recent PSA Issues/Authority/Recommendations

Issue	Authority	Recommendations
<p>10. Finding 10 of the <i>Performance Audit</i> noted that the MDE had not required PSAs approved under the “continuous use” policy of approval for school occupancy to obtain Safety Inspections from the Department of Labor &amp; Economic Growth (DLEG), Bureau of Construction Codes. Also noted by the Auditor General was that other health and sanitation inspections were sometimes not completed prior to occupancy by a PSA.</p>	<p>Amendment of the School Building Construction Act of 1937, with enactment of PA 628 of 2002, transferred the authority for approval of school building occupancy from the Superintendent of Public Instruction to the Department of Labor and Economic Growth (DLEG), Bureau of Construction Codes. Despite the lack of formal legal authority, the MDE has requested that authorizing bodies require PSAs previously approved under the “continuous use” policy to request and obtain a “safety inspection” from the DLEG.</p>	<p>The MDE will monitor compliance with this request every six months and send follow-up letters to authorizers with PSAs that have not obtained the requested “safety inspections.” The MDE will continue to require such “safety inspections” for new PSAs prior to approval of payment of state school aid and will work with authorizers to monitor and review the compliance of PSA with requirements to obtain other health and safety inspections and certificates.</p>
<p>11. Finding 9 of the <i>Performance Audit</i> recommended that the MDE provide monitoring of authorizers internal controls to ensure that PSAs complete required teacher certification, employee background checks and unprofessional conduct checks. Also it was recommended that the MDE request legislation requiring all persons providing educational and support services to children, and board members, to undergo satisfactory background and unprofessional conduct checks.</p>	<p>MDE has legal authority to require that teachers and schools comply with the law regarding teacher certification, background and unprofessional conduct checks. PSA authorizers have broad authority and responsibility for ensuring that PSAs comply with laws and authorizing contract.</p>	<p>MDE is considering a request for amendment of the Revised School Code consistent with the recommendations of the <i>Performance Audit</i> of the Auditor General. The MDE will implement a process of oversight and monitoring of authorizing bodies that includes provision of assurances from authorizers that PSAs are compliant with the law regarding teacher certification, background checks and unprofessional conduct checks.</p>
<p>12. Use of emergency permits for teachers in PSAs is over-represented due to the PSAs’ inability to employ certified teachers. This has been an ongoing concern of the MDE and was noted by the <i>Performance Audit</i> in Finding 10.</p>	<p>PSA authorizers have broad authority and responsibility for ensuring that PSAs comply with laws and authorizing contract. NCLB requires that all staff of public schools be highly qualified by 2006.</p>	<p>MDE has increased its communication with the authorizing bodies regarding the requirements of the law and need to ensure employment of highly qualified staff. MDE will continue to work collaboratively with authorizing bodies to ensure that PSAs and their staffs comply with the law.</p>
